KS3 GEOGRAPHY TEACHING PACKS

Schemes of work designed specifically for the 2014 Curriculum.

Engaging and well-thought-out scheme, designed around specified learning objectives based on a pragmatic interpretation of the curriculum. Ease your planning and cultivate pupils' love for Geography!

- Varied activities including starters, mains, plenaries, homework and extension
- Accessible worksheets with innovative activities to tackle each topic
- Spiced up with maps, photographs & diagrams – ideal for KS3, applying geographical skills throughout

Simplify your planning, preparation and marking: structured lesson plans, all resources and answers provided.

“ A well-thought-out resource that flows and links together well.
- L Spalding, Geography Teacher & Independent Reviewer ”

ZZGP/5272	KS3 Teaching Pack: Geological Timescales and Plate Tectonics	£79
ZZGP/6090	KS3 Teaching Pack: Weather & Climate	£79
ZZGP/6974	KS3 Teaching Pack: Population & Urbanisation	£79

KS3 GEOGRAPHY LEARNING GRIDS

Specifically written to cover the 2014 National Curriculum subject content

Students have to read their textbook/notes to complete a grid of questions based on a sub-topic of the learning criteria.

ZZGP/6308	KS3 Learning Grids: Geological Timescales & Plate Tectonics	£59
ZZGP/6127	KS3 Learning Grids: Glaciation, Hydrology & Coasts	£59
ZZGP/6145	KS3 Learning Grids: Population & Urbanisation	£59
ZZGP/6308	KS3 Learning Grids: Rocks, Weathering & Soils	£59
ZZGP/4935	KS3 Learning Grids: Weather & Climate	£59
ZZGP/6422	KS3 Learning Grids: Economic Activity	£59
ZZGP/6376	KS3 Learning Grids: International Development	£59
ZZGP/6391	KS3 Learning Grids: The Use of Natural Resources	£59

GEOGRAPHY WORKSHEETS FOR KS3

The Geography worksheets for KS3 focus upon eight areas of geographical study providing short, structured questions which can be used for starter activities, class work and homework.

- Topics are cross-referenced to Subject Content for the 2014 National Curriculum
- Each topic includes a Key Words section, which is an activity designed to reinforce the crucial geographical vocabulary
- Written by an experienced Chief Examiner, guiding students towards GCSE level

Four of the eight units also contain structured tests. Each has been specifically designed to give the correct balance of skills, knowledge and understanding needed in order to cover the curriculum.

Rivers, Coasts, Population, Settlement, Volcanoes, Rainforests, National Parks, Resources and the Environment

ZZGP/6329	Geography Worksheets for KS3	£49
-----------	------------------------------	-----

KS3 GEOGRAPHICAL SKILLS

12 Mapping Lessons – 8 ICT Lessons – 5 Fieldwork Lessons

Simplify your planning, preparation and marking: structured lesson plans, all resources and answers provided. A variety of resources that enables a teacher to cover a full range of geographical skills with nothing more than an atlas, the Internet and the resources within this pack.

- Clear objectives and learning outcomes
- Accessible worksheets with innovative activities to tackle each topic
- Accompanying PowerPoint presentations and Excel files with guidance on when to use

Lessons can be taught as a complete structured scheme but can also stand alone, so perhaps more beneficially, can be interspersed among different geographical themes during the key stage.

“ Superb - ICT and clear
geographical skills that can be
included into each unit of study.
- C Stevenson, Head of Geography &
Independent Reviewer ”

ZZGP/5767	KS3 Teaching Pack: Geographical Skills	£99

TOPIC-ON-A-PAGE

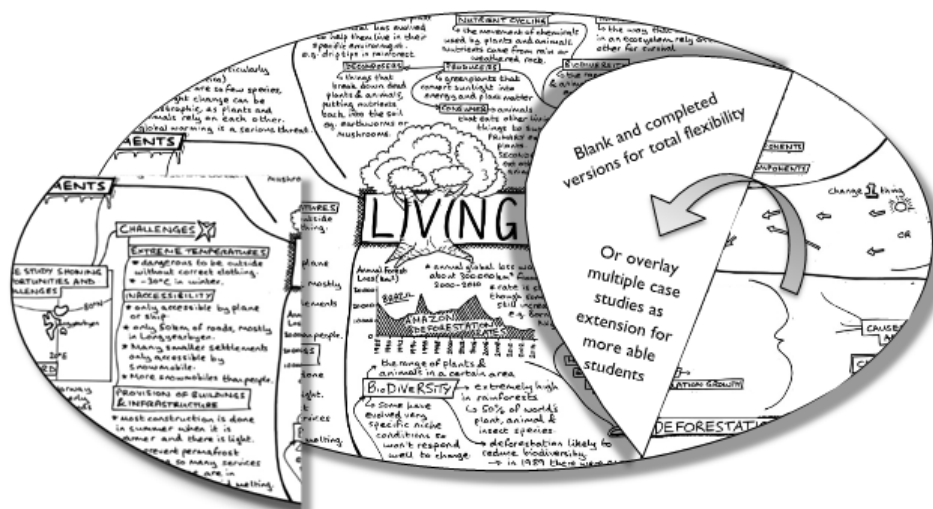

NEW!

The award winning Topic-on-a-Page is back for the new specifications!

Brand new hand-illustrated A3 poster handouts with more flexibility and more content than ever before.

Redesigned and completely re-written for GCSE AQA (9–1). Two resources cover the full specification; all optional topics are included, along with a huge range of tessellating case studies to suit your teaching.

- ♦ Visually appealing – engage your students with the subject content
- ♦ Every spec point covered – don't miss a thing!
- ♦ Multiple case studies within every topic – fully customisable overlays to fit your scheme of work
- ♦ Blank scaffold activity versions provided – for testing and revision

Author: 'I started creating these mind maps as some students struggled to see the bigger picture of the entire GCSE topic at once... I always recommend that students display them somewhere very visible at home, where they will constantly see them.'

ZZGP/7663 **NEW** Topic on a Page: Living with the Physical Environment

£49

ZZGP/7664 **NEW** Topic on a Page: Challenges in the Human Environment

- The number of tests per unit allows for **1 test every fortnight** over a two year course of study if the full set of resources is used.
- Perfect for **continued assessment**, and **progress tracking** throughout the GCSE. See which areas your class are strong on and which need a recap.

Within each test, questions progress from short/factual to longer-answer or exam-style. Every test is **differentiated** with an **extension** section that can be offered to higher ability students. Full **answers are provided** so students can return to their completed tests to revise!

ZZGP/6730	Topic 1: Hazardous Earth	6 tests	£49
ZZGP/6731	Topic 2: Development Dynamics	5 tests	£44
ZZGP/6732	Topic 3: Challenges of an Urbanising World	5 tests	£44

EDEXCEL B KEYWORD ACTIVITIES

DIGITAL

More than just a glossary...

Ensure students get to grips with the essential terminology in the 2016 GCSE Edexcel B spec. Every keyword and term is defined and taught through a series of activities and memory games – broken down into sets, with sub-topics linked to the specification key questions.

ZZGP/6527	Topic 1: Hazardous Earth	£39 +VAT
ZZGP/6528	Topic 2: Development Dynamics	£19 +VAT
ZZGP/6529	Topic 3: Challenges of an Urbanising World	£34 +VAT
ZZGP/6530	Topic 4: UK's Evolving Physical Landscape	£49 +VAT

ZZGP/6532	Topic 7/8/9: People and Environmental Issues	£44 +VAT

16 MODELS AND THEORIES FOR A LEVEL GEOGRAPHERS

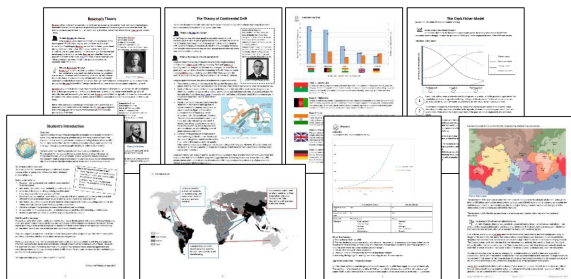

A student guide to the most relevant geographical models and scientific theories that underpin physical and human geography for A Level

Familiarise students with key models and theories they will have to understand and use throughout their A Level studies.

- * A stand-alone chapter on each model / theory
- * Questions and activities to test comprehension and application of knowledge
- * Fully cross-referenced for **AQA**, **Edexcel**, **OCR**, **Eduqas** and **WJEC**

Includes:

Demographic Transition Model
Boserup's Theory
Malthusian Theory
Continental Drift
Plate Tectonics
Park Response Model
And many more...

Each chapter contains two main sections:

1. Detailed content including:

- Information on the **model, theory and thinker**
- **Critical perspectives** for each model or theory
- Relevance to the student; **how to apply in an exam**

2. Activities and Questions:

- **Activities and quick-fire questions** for consolidation
- **Application of knowledge** question to develop analytical skills
- **Extension questions** with example answers for exam preparation

Suitable for more able
GCSE students as an
extension to their studies.

A Level AQA (Legacy)

GEO4B: PRE-RELEASE RESOURCE PACK

2018

Pre-order your A Level AQA GEO4B Resource Pack now!
Written specifically for the final resit examination Advance Information Booklet to be released March 2018.

Provides students and teachers alike with a structure to work through, and prepares your students for the exam.

- Guide students through the pre-release with **Thorough Workbook**
- Revise related key skills with **Skills PowerPoints!**
- Set the issue in context with **Background Material**
- Stretch and challenge students with **Discussion Springboards**
- **Exam practice papers** with mark scheme

NEW!

#GEO4B

ZZGP/8241 **NEW** GEO4B Pre-Release Resource Pack 2018 **Pre-order for April 2018** £69

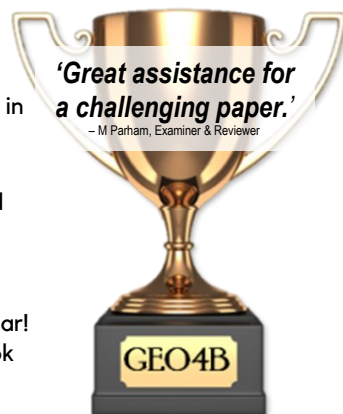

GEO4B: STEPS TO SUCCESS

Practical resources to help students achieve their full potential in this difficult exam. An active, student-centred approach to learning, ideal for GEO4B where spoon-feeding is impossible. The focus on skills and strategies which can be applied to any AIB makes this a valuable resource that you will use again and again.

- Builds understanding of GEO4B assessment, command words and synoptic skills
- Templates and strategies to apply to any AIB – every year!
- Model answers show your students what top answers look like & how to write them

Students develop the core geographical and synoptic skills to succeed in GEO4B – skills that help with GEOG3 too!

10 Tools: Command Words; Dissecting the AIB; Photographs and Maps; Using the AIB; Thinking Like A Geographer; Balloon Debate; GEO4B Talent Show; Context is King; Model Answers

ZZGP/5623 **GEO4B: Toolkit for Achievement: 5 Steps to Success** £89
