Manufacturing

We manufacture the highest quality products, these include:

Fully functional high speed domes with high resolution colour/mono day night camera's up to 25 x optical zoom.

The latest technology is brought to you in our range of digital recorders with extra features such as two channel audio and 500GB HDD's as standard.

Matrix systems starting from 8 x 8 up to 64 x 1000, fully open ended and programmable, and a large range of matrix controllers utilising advanced protocol technology to ensure compatibility with all existing major manufacturers units.

Peace of mind

- ★ Our systems are fully upgradeable and are designed to integrate with existing units and software.
- ★ Our 40,000 square foot distribution warehouse based in Derby enable high stocking levels and guaranteed next day delivery.
- ★ All of our products are fully guaranteed for 3 years (including fully functional domes), and we offer a free of charge in-house design service.

PRODUCTS
