Teacher's Introduction

This Topic on a Page resource aims to help students of GCSE AQA Spanish to learn, consolidate and revise relevant vocabulary from the 2024 specification with topic-specific illustrations and activities.

Topics

This resource covers:

Theme 1: People and lifestyle

Topic 1: Identity and relationships with others

Topic 2: Healthy living and lifestyle

Topic 3: Education and work

Remember!

Always check the exam board website for new information, including changes to the specification and sample assessment material.

Packs for Themes 2 and 3 are also available.

Structure

This resource is co-teachable as the worksheets are differentiated into Foundation tier (◆), Crossover (●) and Higher tier (★). Each topic and tier includes three worksheets.

Worksheets increase in level of difficulty, starting with a vocabulary list and simple word memorisation exercises (**Worksheet 1: Learn**), moving on to non-verbal activities for skill development and consolidation of the topic vocabulary (**Worksheet 2: Practise**) and finally on to revision through verbal tasks (**Worksheet 3: Apply**).

Worksheet 1 is provided in A4 along with the answers for all worksheets. It has been marked as Crossover (●) as it is for use by both Foundation and Higher students, with additional vocabulary marked as ★ for Higher.

Worksheets 2 and 3 are presented in two formats: as separate A4 sheets and as double-sided A3 sheets with key vocabulary, images, expressions, quotes and culturally relevant facts about the topic from different countries. These are marked as either Foundation (◆) or Higher (★), with differentiated activities created for each level. The imagery used for both levels is the same to promote class discussion and enable further co-teachability. The symbol ★ is used to indicate words and sentences with vocabulary from Higher tier.

Although questions are not all intended to be exam-style, many practise exam skills and are based on question types found in the exam.

Answers

Answers are provided at the end of this section, including sample responses for open questions.

Vocabulary:

This resource has been checked against the 2024 vocabulary list to ensure compliance with new exam style, offering the best possible exam practice for your students.

In line with the 2024 exam style, some cognates have been included. Higher vocabulary included for co-teachability on Foundation worksheets has been glossed.

- 1) a. Underline the words you already know, and write their English translation. How many words do you already know? Your teacher will now give you Worksheets 2 and 3 where most of those words appear in the texts and images.
- b. In the mind map, find the words that you don't know from part a., and try to work out that they mean from the context. How many words do you know now?
- c. With a partner, try to show each other your answers, read through each other's work and highlight any that you wrote different answers for – you will check these with the teacher.
 - If there are any words that one person has and the other one does not.
 - Now, share your answers with the whole class, fill in any missing words and correct any that were translated incorrectly.

You didn't find the meanings of all the words? Further exercises will help you. Fill in your list as you go along, until it's complete.
